RE: Reza Paydar and Light Style Automated Systems

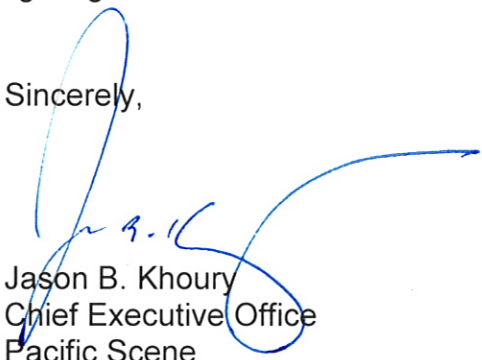

To Whom It May Concern,

Our Family of Companies has enjoyed a positive business relationship with Reza Paydar and LightStyle Automated Systems, Inc.

We have found Reza to have a strong work ethic, innovative in thought, and his pricing to be extremely competitive. Additionally, Reza's experience, attention to detail, and his ability to collaborate with owners, architects and subcontractors makes Reza a positive addition to any residential or commercial construction project.

We look forward to continuing to build on our existing successful long term business relationship with LightStyle Automated Systems, Inc. and recommend Reza Paydar as a supplier or subcontractor to others seeking lighting and AV work.

Sincerely,

Jason B. Khoury
